Decisions

To₁ endorse the following time compensation for January 2020 - June 2020

	Namn	Skolan	Arb. dd. ¹	%(/866 tim ²)
1	Kasra Khatami Mashhadi ³	CBH	5	5
2	Mohit Daga	EECS	37	34
3	Emma Riese ⁴	EECS	56	52
4	Alessandro Enrico ⁵	EECS	11	10

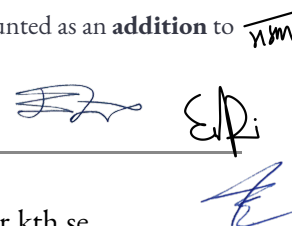

¹ Approximated numbers for the corresponding workload in percentages. In case of conflicts, the percentages apply.

² 1732 hours/year or 866 hours/semester corresponds to contractual working hours for employees aged 30-39 according to "Arbets- och arbetstidsberoende ersättningar för lärare"

³ Resigned as Education Manager 2020-02-12, approved on 2020-03-06.

⁴ Emma spent extra time handling COVID-19 related issues (such as attending extra Forskarutbildningsutskott -meetings and constructing and distributing a survey gathering input from doctoral students at KTH), hence the number is slightly higher than the prognosis.

⁵ This number is only for Alessandro's central representation, his work in the EECS school council should be counted as an **addition** to this and his total percentage for the spring has been 15 %.

5	Tharagan Kumar ⁶	CBH	11	10
6	Karl Johan Westrin	CBH	13	12
7	Lorenzo Marchetti ⁷	ITM	7	6
8	Sofia Broomé ⁸	EECS	11	10
9	Gloria Samosir ⁹	ABE	11	10
10	Inês De Miranda De Matos Lorenço ¹⁰	EECS	10	9
11	Deniz Yildiz ¹¹	CBH	11	10
	Total	Tt (Dd)	183/217	168/200%¹²

The prognosis for the time compensation budget for central and national representatives for the fall semester 2020 (July 2020 - December 2020), will be sent subsequently.

⁶ This number is only for Tharagan's central representation, his work in the CBH school council should be counted as an **addition** to this and his total percentage for the spring has been 15 %.

⁷ Resigned as Communication Manager and Chair of the ITM school council 2020-04-08, approved on 2020-05-27. This number is only for Lorenzo's central representation before he resigned, his work in the ITM school council should be counted as an **addition** to this and his total percentage for the spring has been 12 %.

⁸ Elected as Workgroups Manager at the chapter meeting 6th of March. This number is only for Sofia's central representation, her work in the EECS school council should be counted as an **addition** to this and her total percentage for the spring has been 20%.

⁹ Elected as Education Manager at the chapter meeting 6th of March. This number is only for Gloria's central representation, her work in the ABE school council should be counted as an **addition** to this and her total percentage for the spring has been 20 %.

¹⁰ Elected as Business Liaison at the chapter meeting 6th of March.

¹¹ Elected as Event Manager at the chapter meeting 6th of March, the representative tasks in the sustainability group were a bit more time-consuming than prognosed, hence the number is slightly higher than the prognosis.

¹² In VT-20, no doctoral students from KTH has been representatives at the national level (eg. SFS-DK), also a few board positions at the KTH central level were vacant for parts of the semester, hence this number is lower than the allotted 200% by the rector's decision Dnr. V-2016-0451

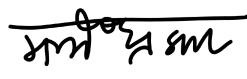

Background

With reference to the rector's decision Dnr. V-2016-0451 detailing time compensation policy for doctoral students that are representatives at the KTH central level or national level. The hours that are stated in this decision should be considered as the reported and spent hours and replaces the prognosis which has previously been reported in [Dr 2019 CP-02/0005](#) and [Dr2020-CP-06/0001](#).
