Annex 4 – Model of Uniform for the Board 2023/2024

Jacket

It is a tradition for the board to get some uniform to help to identify us in events or ceremonies. This year, Daniel suggested a jacket, and I thought of a varsity style and checked with US-AB and the only color they have is black and white, so this is the design I came up with.

Jacket

The cost to produce this jacket is around 710 sek each. Some people liked the idea to personalize the name, I'm not sure about the price for this customization.

T-Shirt

Another idea is to have a t-shirt when it is too hot to use a jacket. I tried some models, below are some you can see (there are four models, please scroll all of them):

The price is around 330 sek per tshirt, not sure how much customizing it with our names cost.
