## Background

The position of events manager is currently elected for the academic year (July to June). This poses hardships as the planning of the events for the reception, arguably the most important ones, starts between April and May, which puts the new Events Manager in a position where he would be forced to continue something he did not start. This motion suggests changing the Events Manager term to the fiscal year instead (January to December) as a means to facilitate this work.

As to not leave one term with a higher number of positions than the other, the election term of the business liaison would be moved to the academic year instead (July to June).

## Suggestions

To, Amend the PhD Chapter Statutes as the following (in bold, the proposed modifications):
