

# Summer PhD Chapter Meeting

Ugne Miniotaite - Chairperson 2024-2025

# What have we worked on in the PhD Chapter?

## **Doctoral Student Survey**

Initially conducted an independent survey (2023).

First KTH + Dr PhD survey conducted in the Spring and we expect the results this autumn.

## **Doctoral Salary Ladder**

Conducted a survey on the salary ladder and is now there is a working group reviewing the practicalities of a time-based system. All KTH committees are currently for a fully time based system

## **Swedish Courses for Doctoral Students**

Advocated for the issue based on the results of the 2023 survey.

It is now possible to include up to 10 credits of Swedish courses according to new guidelines.

Continues to work for improved access, e.g., Swedish courses specifically tailored for doctoral students.

## **On the Horizon**

- ***Departmental duties:*** Clarification of what should and should not be counted.
- ***Teaching:*** How teaching hours should be reported.
- ***Vibrant campus:*** Survey from Future Education initiative on a vibrant campus environment for doctoral students.

## Arbetsmarknadsmässa för doktorander och postdocs

Första mässan där företag kom specifikt för att träffa forskarstuderande

### Deltagande

- 18 företag
- 300 doktorander och post docs

Siktar på större och bättre nästa år!
