

Report from SCI PhD Council

Winter CM
2025-12-11

The following points have been discussed within the school:

- JML: Lots of discussion in FN and in the council regarding JML questions. Recently JML workshops have been held at the SCI school. We are currently gathering feedback from the workshops, including for the different formats that were used. Also planning workshop for faculty together with the management group.
- We also had a JML inspired event with a talk from Anna Danielsson and discussion.
- Newly elected head of the council is Nils Wikström. Moving from vice-chair to chair. Currently no vice-chair.
- Nominations are over, elections will start very soon for the next year council.
- New mentorship program for SCI school. Discussion underway.
