

Audit Report Financial addendum

I confirm that I have reviewed the financial records and expense documentation related to the audit of the PhD Chapter.

During the course of my involvement in this audit, I did not receive any gift cards, incentives, or other benefits associated with these expenses. As a result, I am able to independently review and sign off on the financial documentation.

Based on my review, the recorded expenses appear reasonable and appropriately documented, given that the chapter meeting accepts suggestions stated in *Audit Report Dr2026-CF-02*

Signed,
